## Announcement re the Commodity Futures Trading Commission

Glencore has been informed by the United States Commodity Futures Trading Commission (“CFTC”) that the CFTC is investigating whether Glencore and its subsidiaries may have violated certain provisions of the Commodity Exchange Act and/or CFTC Regulations through corrupt practices in connection with commodities.

Glencore understands that the CFTC’s investigations are at an early stage and have a similar scope in terms of subject matter as the current ongoing investigation by the US Department of Justice (“DOJ”).

Glencore will cooperate with the CFTC. Glencore’s response will be managed by its Investigations Committee, which was set up in July 2018 to oversee Glencore’s response to the investigation by the DOJ.

### Notes for Editors

Glencore is one of the world's largest global diversified natural resource companies and a major producer and marketer of more than 90 commodities. The Group's operations comprise around 150 mining and metallurgical sites, oil production assets and agricultural facilities.

With a strong footprint in both established and emerging regions for natural resources, Glencore's industrial and marketing activities are supported by a global network of more than 90 offices located in over 50 countries.

Glencore's customers are industrial consumers, such as those in the automotive, steel, power generation, oil and food processing sectors. We also provide financing, logistics and other services to producers and consumers of commodities. Glencore's companies employ around 158,000 people, including contractors.
